

Trusted Difference at Every Turn

Maintenance-Free bearing solutions designed for the Food and Beverage industry

FOOD PROCESSING PLANTS

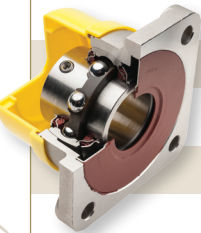

BEVERAGE/BOTTLING PLANTS

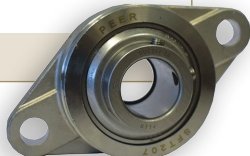

FRUIT/VEGETABLE WASHING

FOOD PACKAGING

Eliminate down time and cost of servicing or replacing bearings in difficult to reach and hazardous locations. The maintenance-free FabXTREME® bearing solution for the food and beverage industry is designed, engineered, and manufactured by PEER Bearing to reduce costs and extend the life of your equipment. Superior design, corrosion resistant material, and manufacturing craftsmanship provide the advantages that your food and beverage equipment need to operate at full efficiency for years to come.

Features and Advantages ➤ Benefits Realized	
	Maintenance-Free operation ➤ Eliminates service costs and downtime
	Drop-in replacement ➤ Fast and easy installation
	Extended inner rings ➤ Shaft stability and dual set screw locking
	FDA compliant , superior sealing design ➤ Multi-barrier protection in use and wash down
	Mobil grease FM222 lubricant ➤ FDA/USDA approved for incidental food contact
	Stainless steel construction ➤ Corrosion protection and wash down resistant

COMPARE THE WEAR

On the left side, a competitor's bearing after 90 days vs. PEER Bearing after 1 year on the right side.

Competitor after 90 days in use.

PEER Bearing after 1 year in use.
